

ST. FRANCIS SCHOOL

ST. FRANCIS HYMN

Sun rises roses blossom
Children in glad reunion
Binded in harmony

And between those trees and roses
Join their hands and raise their voices
In a praise to the world

And it says...

On your hands
There's a chance
To live with a Saint Francis light
They sing
They dance
And they care

They laugh, smile, have fun and share
Living with kindness and respect
And again is the day
To start all over again
Never forget to be the change

And they sing...

Join the stars
Make them shine
With your own
Special light
I know by day
I know by night
It is my choice
To care and love

On your hands
There's a chance
To make a change
In this world
I know by day
I know by night
Saint Francis is
My home and guide

Join the stars
Make them shine
With your own
Saint Francis light
